RECOMMENDED USE OF CHEMIC	AL AND RESTRICTIONS ON USE		
Solid metal shapes; no restrictions			
SECTION 2-	-HAZARD IDENTIFICATION		

CLASSIFICATION

The INGOTS are metallic articles that do not present hazards in their original form. <u>HAZARD STATEMENT</u>:

Fumes from hot processes may contain other compounds with different exposure limits. Dust or fumes generated by melting, machining, grinding, welding or thermal cutting of the product may produce airborne contaminants. Consult Sections 3 & 8 for further information.

PRECAUTIONARY STATEMENT:

Do not breathe fumes

Wear protective gloves

Do not eat, drink, or smoke when using this product

SUPPLEMENTAL INFORMATION

Fumes from hot processes may contain other compounds with different exposure limits than those listed herein. Dust or fumes generated by machining, grinding, welding or thermal cutting of the INGOT may produce airborne contaminants. Exposure limits for the most common contaminants are offered as reference. Please consult a competent person for guidance on exposure assessment and controls.
